Experience

Software Development Projects

2023 – 2024

Have built several modern React app with API calls and databases. Also experienced in team projects, consistently receiving positive feedback from teammates due to my collaborative spirit.

Digital Advent Calendar (Full Stack) This app, built with beautiful MUI components, elevates entertainment by allowing users to create personalised advent calendars filled with unique surprises, fostering delightful connections among friends and families.

Brand Ambassador -- La Prairie

2018 – 2023

Barona Kauppa Oy

I achieved to double sales figures in 2018 through exceptional sales skills, increase CRM metrics by 30% monthly in 2018-2019, launched successful seasonal product campaigns, improved customer service to extremely details. Skilled at tackling work challenges and efficiently managed multiple tasks.

Customer Service -- Finavia

2016 – 2018

Lenoni Oy

Excelled in offering high-quality customer service to all passengers, resolved a wide range of issues with problem-solving skills. And communication skills helped me actively engaged with passengers.

Multi Work Experience

2011 – 2018

Sales Representative, Office Assistant

worked for various companies, such as Shiseido, Minna Parikka, Lasanic, Nordic Terveys, HMSHost etc. Also have experience in supporting daily office operations, coordinating, event planning, Microsoft 365, Google Workspace.
